SKILLS

Frontend

JavaScript, TypeScript
React, Context API
TailwindCSS
CSS3, HTML5

Backend

Node.js, Express.js
Next.js, NextAuth.js
MongoDB, Mongoose
SQL, PostgreSQL
RESTful API, Postman
FirestoreDB

Tools

Jest, Git, Linux
Figma, FramerMotion
shadcn/ui, daisy.ui

PROJECTS

Luxuria Hotel   Repo | Live

TypeScript, Next.js, React, PostgreSQL, TailwindCSS, OAuth

• Developed a full stack Next.js hotel presentation website with accomodation booking services, with **demo** account
• Designed a robust, server-side secured **RESTful API**
• Authentication sessions are managed using credentials (with **hashed** passwords) or **OAuth** integration
• Users have access to their dashboard where by they can manage their bookings
• Focused on an intuitive, accessible, responsive, feedback-providing UX/XI, leveraging **server-side rendering** for **SEO**, which is a crucial aspect for a hotel platform

Socializer   Repo | Live

TypeScript, Node.js, MongoDB, React, TailwindCSS

• Developed a full stack social platform that allows users to post texts and images, comment on and like posts, customize profiles and manage friendships, with **demo** account
• Designed a robust **RESTful API** with full **CRUD** operations and **JWT** authentication for protecting routes
• Enhanced fetching speed by **90%** through the implementation of a SaaS CDN for image manipulation
• Adhered to **WCAG** guidelines for accessibility, achieving a **95%+** Lighthouse score overall

Clonnerboxd   Repo | Live

React, FirestoreDB, Firebase Auth, TailwindCSS, Git

• Replicated a popular social movie tracking platform
• Enabled users to **document** watched movies, mark favorites and provide reviews, stored in FirestoreDB
• Utilized the TMDB API to fetch and sort popular movies

EXPERIENCE

Open Source Contributions
• Helping with fixes and features for The Odin Project curriculum and main website, continuously enhancing my teamwork skills in a technical setting

Partnered Content Creator
Twitch, Remote - Nov, 2019 - January, 2023
• Demonstrated a growth-oriented mindset and discipline by executing content for a daily audience of hundreds

EDUCATION

Bachelor's Degree in Naval Engineering
„Lower Danube" University - Oct, 2016 - July, 2020
